To: AFA Members and Potential Members (no prior military service is required to join)

The AFA since its inception has supported the USAF: General Doolittle thought it so important that he accepted the position of President in 1946. Today the AFA continues to support the USAF; in particular New Jersey AFA supports and STANDS SHOULDER TO SHOULDER WITH OUR AIRMEN. Our members participate to the extent they desire. In recent years we have supported Wounded Warrior Trials and Wounded Warrior Games at West Point. We also were at the 2016 Thunderbird Show at McGuire Air Base. We also invite individuals to speak at local Chapters and at our State meeting and we record these for posterity.

We look for opportunities to support local NJ AIRMEN in any way we can.

Please feel free to Contact me personally or your local Chapter which can be located on this website.

William M. Fosina

New Jersey State President

New Jersey Stands Shoulder to Shoulder with American Airmen Around the World!
